Eco Scavenger Hunt

This program can be adapted for grades 1-12. If choosing this skill - Please bring Rubber Boots

Hashing

A great learning activity for grades 5-12.

Fire Starting Skills

Program specific details can be provided to all participating classrooms for pre-preparation and can also be tailored to fit your educational needs.

Project Wild

Program specific details can be provided to all participating classrooms for pre-preparation and can also be tailored to fit your educational needs.

Recreational Skills

Archery

Learn proper shooting technique and develop accuracy with a bow and arrow. We provide a safe environment to learn these skills. Suitable for grades 3-12.

Indoor Traverse Wall

Climbers work laterally on hand holds, crossing the wall and are never more than a few feet from the ground. Helps build strength, endurance and confidence. A 2 inch foam mat covers the floor as a safety net. Suitable for grades K-12.

Low Ropes Course

This course consists of bridges, nets, rope obstacles and a zip-line. Students are only 12-18 inches above ground. This course will help students develop physical balance, flexibility, problem solving skills, determination and co-operation. Suitable for grades K-12.

RC Cars

Six fast remote control cars that are great to take for a spin around our track. Suitable for grades K-12.

Supervision provided for all skills at GSBC.

GOOD SPIRIT PROVINCIAL PARK & GOOD SPIRIT BIBLE CAMP

SCHOOL PROGRAMS 2019

LOOKING FOR A WELL ROUNDED OUTDOOR EDUCATIONAL EXPERIENCE FOR YOUR STUDENTS?

Look no further! Good Spirit Lake Provincial Park and Good Spirit Bible Camp are working together to provide you the option of combining recreational activities with interpretive nature learning opportunities in one complete package. Providing these activities together creates an adventure they will learn from and an experience they will remember. Teachers will enjoy the day knowing that the students are kept busy and entertained from the time they arrive to the time they leave.

Please be advised that these programs contain no religious content, suggestion or discussion incorporated into any activities, learning or interactions.

Each program can be designed for a particular grade level and science based curriculum and offers a life long understanding of nature and how we all fit together.

Fill out the registration form and check the options you would like to participate in and we will make it happen!
